ABOUT WORKSHOP

Following the unprecedented success of previous two online workshops organized under the aegis of Technical Resource Centre, DHR and NIPER S.A.S. Nagar, and in response to the high demand for another offline workshop, we are pleased to announce the "Bridging Evidence to Decisions: A Workshop on Systematic Review, Meta-Analysis & GRADE" on 30th September to 1st October 2025, at NIPER, S.A.S Nagar.

While there is no registration fee, participants are required to submit a fully refundable security deposit of Rs. 1500/- to confirm their registration, which will be reimbursed upon successful completion of the two-day program.

OBJECTIVES OF THE WORKSHOP

1.Provide hands-on training on the systematic review process, including protocol development, literature search strategies, critical appraisal, and data synthesis.

2.Equip participants with practical skills in performing meta-analyses using statistical software to derive evidence-based conclusions.

3. Participants will gain exposure to the GRADE (Grading of Recommendations, Assessment, Development, and Evaluation) approach for translating evidence into practice guidelines and policy.

4. Enable researchers and professionals to apply systematic review methodologies for high-quality, reliable healthcare evidence generation.
